Dear Sir:

As regards your inquiry concerning publications on Hard Times and Civil War tokens, we advise you to write to Cuttag Brothers, 16 Exchange Place, New York, N. Y., who have published a very fine and comprehensive book on Civil War tokens. I think they can supply you with either an original or a reprint of the book on Hard Times tokens. I believe also that they can have made for you a set of photographic prints of these Hard Times tokens. At any rate, they can quote you prices.

If you are a collector you should belong to our organization. I am sending you a little prospectus and an application blank.

Very truly yours,

Curator
